

Matthew Gourd

Senior Technical Writer and Documentation Leader

mattgourd@gmail.com | Website: mattgourd.com | LinkedIn: [mattgourd](https://www.linkedin.com/in/mattgourd)

Professional Summary

Accomplished technical writing leader with 20+ years of experience in high-growth technology companies. Skilled at bridging engineering and user needs to deliver documentation that accelerates developer adoption and product success. Proven expertise in API documentation, developer enablement, and scaling documentation teams in fintech and SaaS environments. Expert in modern docs-as-code workflows and early adopter of AI-enhanced productivity tools.

Core Competencies

Technical Writing Excellence

- API documentation and integration guides for diverse developer audiences
- Developer portal architecture and user experience optimisation
- SaaS platform documentation and third-party integration guides

Leadership and Strategy

- Distributed team management across multiple regions and time zones
- Documentation strategy development for hyper-growth environments
- Cross-functional collaboration with engineering, product, and UX teams

Technology and Tools

- Docs-as-code: Markdown, AsciiDoc, Hugo, Antora, Git-based workflows
- Platforms: Confluence, Jira, Figma, GitHub, GitLab, VS Code
- API standards: OpenAPI, Swagger, JSON, YAML documentation
- AI integration: GitHub Copilot, Cursor, custom GPTs for enhanced productivity

Professional Experience

Backbase

Documentation Manager | Jul 2023 - Present

- Lead distributed team of technical writers, enhancing collaboration, productivity, and growth
- Partner with engineers to produce developer guides for complex banking software
- Champion AI tool adoption while maintaining rigorous quality standards

Senior Technical Writer | Nov 2021 - Jul 2023

- Created comprehensive technical and integration documentation for global banking software
- Implemented Google Developer Documentation Style Guide across EMEA development teams
- Enhanced peer review processes and content strategy for fast-paced product release cycles

Viva Wallet

Technical Account Manager | May 2021 - Oct 2021

- Acted as primary technical liaison for enterprise clients during high-stakes system incidents
- Authored comprehensive payment API guides that greatly improved developer adoption rates
- Built fully automated docs-as-code pipeline using GitHub and Markdown

Technical Writer | Jan 2019 - Apr 2021

- Built developer portal from scratch, accelerating developer community growth
- Wrote comprehensive API, SDK, and plugin documentation for payment integration platform
- Established documentation analytics to drive data-driven content optimisation

University of the Arts London (UAL)

BT Business and Public Sector

Web Content Writer (Contract) | Feb 2006 – Dec 2009

- Authored technical support documentation for enterprise self-service portal serving global clients
- Received BT Online Team Award for contributions to digital transformation strategy

Education and Qualifications

University of Wales | BSc (Hons) Technology Management | Sep 1994 – Apr 1995

Part-completed, achieved 2:1 in first year

Marling Grammar School | Sep 1990 – Jul 1994

GCSEs, A-Levels in English and Art | 10 GCSE passes, 2 A-level passes

Key Achievements

- **Fast-growth experience:** Scaled documentation teams and processes in rapidly expanding fintech and SaaS companies (Viva Wallet, ipagoo, Backbase)
- **API documentation excellence:** Built developer portals from scratch, created comprehensive API documentation suites, and significantly improved developer adoption rates
- **Global collaboration:** Managed distributed teams across multiple time zones and created content for diverse, cross-cultural developer audiences
- **Modern workflow pioneer:** Early adopter of docs-as-code methodologies, Git-based workflows, and AI-enhanced productivity tools
- **Proven results:** Consistently improved user engagement, reduced support overhead, and accelerated developer onboarding across multiple organisations
